

Local Peer Roundtables (LPR)

Powering critical insights, expertise and networks

Local Peer Roundtable

Roundtables are a high value, low cost, accelerated way of tapping diverse best practices and perspectives – deepening your expertise and network, within and across industries.

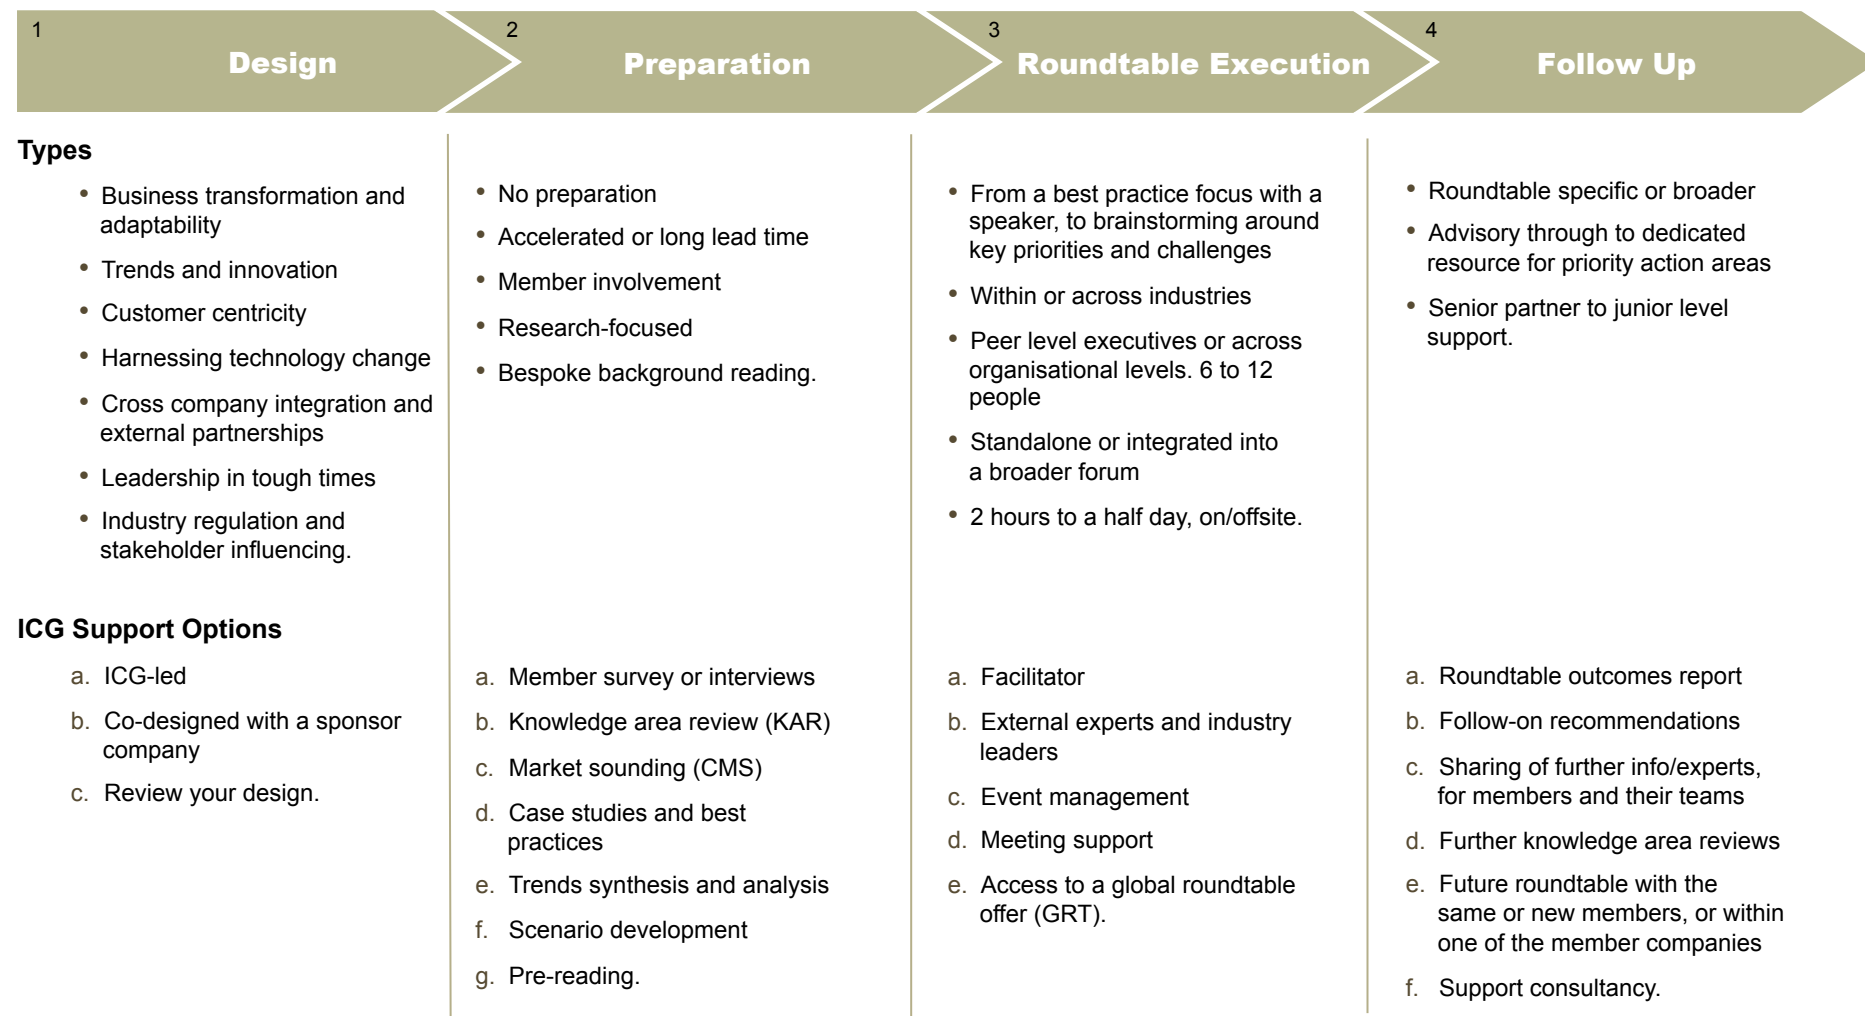

Characteristics:

- ✓ **Shared agenda** – Focus on a particular topic to end-to-end business. Members reach consensus on all aspects of the roundtable design.
- ✓ **Peers** – Share a similar level of business sophistication and therefore opportunities and challenges. Executive level, with both organisational and individual benefit.
- ✓ **Invitation only** – 6 to 12 members, usually with an initiating sponsor company.
- ✓ **Shared costs** – Equally amongst members.
- ✓ **Confidential** – With full legal protection and governance.
- ✓ **Ongoing or one off** – Fully customised to members' needs.

Sample – Growth Journey Roundtable

Why – Synergise and fast-track contribution of country leaders to their market and region’s growth.

Who – Eight senior executives preparing for next level roles. From both developed and emerging markets within related companies, and from diverse functional backgrounds.

What – Year-long journey focused on five priority topics from a business/industry, organisational and executive perspective, enabling each member to identify and tackle priority opportunities and obstacles to growth.

How – Member survey and interviews, plus a knowledge area review to guide the focus areas. Pre-read prior to each roundtable. Sessions included case studies and scenarios work, peer coaching and external experts/industry leaders – with project work between sessions. Session outcomes report and support consultancy, at both the business and individual executive level.

Results – Flow through to business plan priorities and progress for all markets/companies involved. Built a long term peer network that drove the region’s transformation. Rated as the most valuable fast-tracking experience of their career, with ensuing promotions. Built the bench strength of the executives’ broader teams.
